

What's New in the eRiskHub®

As the cyber landscape continues to evolve, the eRiskHub® continues to introduce new tools to keep you in the know. If you haven't been into the eRiskHub before, or if it has been a while, it is a great time to review what is now available.

Key Features

Breach Response

Instructions and contact information for reporting a cyber incident and notifying us of a potential cyber claim

News Center

Cyber news feeds, threat intelligence, and security, legal, and compliance blogs

Risk Manager Tools

Cost calculators, research tools for causes of incidents and cyber claims payouts, and sample policies, including one for remote working

Cybersecurity Awareness

Resources for ongoing employee education, including general security awareness, anti-phishing, and IP/trade secrets

Ransomware Resources

A guide on must-have ransomware safeguards, ransomware stress test, mock ransomware exercise, and a short ransomware self-assessment survey that can help you reduce your exposure to ransomware and other exploit threats

If you are a KACo policyholder, please register now.

1. Go to <https://eriskhub.com/kaco>
2. Complete the New User Registration form in the center of the webpage. Your Access Code is 13625-608.
3. Once you've completed registration, you can log in immediately.

New Content

12-Point Ransomware Mitigation Self-Assessment

Ransomware presents Small-to-Medium Enterprises (SMEs) with dire consequences. This 12-point interactive survey is designed to offer key tasks that SME management (and IT administrators) should consider to reduce exposure to ransomware and other exploit threats.

Ransomware Tools

Accessed from the Ransomware Resources page, these tools provide you with an overview of ransomware statistics, the ability to test your own organization's ability to respond to an event, and an interactive walk-through of responding to a ransomware attack..
